

Impact Investment Exchange (Asia)

Call for Freelance Impact Ambassador

Organization: Impact Investment Exchange (Asia) Pte. Ltd. (IIX) is the home of Asia's first private and public platforms for Social Enterprises (SEs) to raise investment capital efficiently. IIX provides SEs in Asia with greater access to capital, allowing them to rapidly expand the impact of their activities.

Through its three investment platforms, Impact Incubator, Impact Partners and Impact Exchange (www.impactexchange.asiaiix.com), IIX connects SEs with Impact Investors that value the social impact these SEs create. IIX benefits Impact Investors by giving them access to a group of investment-ready SEs with strong corporate governance practices and a commitment to transparent reporting of both financial and social results.

Impact Incubators/Partners:

- Impact Incubator is dedicated to providing early-stage SEs across Asia with access to seed funding and mentorship to help them develop;
- Impact Partners is an exclusive network where Impact Investors are given access to SEs seeking private investment capital. The online platform is a dedicated matching service for investors interested in making private investments in pre-screened SEs that match their investment criteria. Unique to Impact Partners is the fact that the SEs on the platform have been assessed on their social impact and financial capacity through a market readiness assessment framework. All transactions resulting from an introduction on the Partners network are executed privately. For more details, please visit www.impactpartners.asiaiix.com
